ECO Art Collage workshop at library

The Bronx Council on the Arts and the Huntington Free Library present a free ECO Art Creative Recycling Art Collage workshop on Saturday, February 20, from noon to 2:30 p.m. at the Huntington Free Library at 9 Westchester Square (next to the Apple Savings Bank). This free workshop for all ages is open to the public. All are welcome.

Go green and create a nature-based art collage with artist Star Nigro as she shows you cool and clever ways to make great eco art. Join us and learn to construct a masterpiece by creatively recycling old and new elements. Make eco-logical art. Fun for everyone!

Star Nigro is an award-winning multi-faceted artist and photographer whose vision, understanding of the human spirit, and capacity to capture beauty forms her base to

create new mediums from jewelry to prints to photo sculpture.

Star was born in Woodstock, NY, the colony of the arts, where she currently dwells and has a studio. She became interested in photography after exploring the medium of drawing sculpting and painting. She graduated with a B.F.A in photography from the Art Institute of Boston at Lesly College.

Admission to this workshop is free, but space is limited. RSVP by e-mailing lisa@bronxarts.org or calling (718) 829-7770.

These workshops are made possible with the support and contributions from the New York State Council on the Arts, the New York City Department of Cultural Affairs, National Endowment for the Arts, and New York City Councilman James Vacca.
