This workshop is free and open to the public. All are welcome.

Star Nigro is talented and multi-faceted photographer whose vision, understanding of the human spirit and capacity to capture beauty forms a base for her to create new mediums from Jewelry to Photo Sculpture. Star was born in Woodstock, NY, the colony of the arts, where she currently dwells and has a studio. She became interested in photography after exploring the medium of drawing sculpting and painting. She graduated with a B.F.A in photography from the Art Institute of Boston at Lesly College. Her work has received exceptional reviews in various newspapers, including this recent one in the Boston Globe.
